SKILLS

- **Languages:** C, C++, JavaScript, PHP, JAVA, PYTHON
- **Frameworks:** HTML and CSS, NodeJS, React, Tailwind CSS, React JS
- **Tools/Platforms:** MySQL, MongoDB, VS Code
- **Soft Skills:** Problem- Solving, Leadership, Critical Thinking

PROJECTS

Startups Ecosystem-Tracker | [Live](#)

Oct'25

- Developed a full-stack web platform to analyze and visualize startup ecosystem trends across industries in India using interactive dashboards and real-time insights.
- Implemented secure user authentication and role-based access control using PHP, ensuring data integrity and protected access to analytics features.
- Built dynamic, data-driven dashboards to display funding trends, industry segmentation, startup growth comparisons, and event tracking with optimized backend queries.
- Integrated Leaflet.js for interactive geographic visualization, enabling real-time exploration of startup density and funding distribution across Indian states and cities.
- **Tech:** PHP, JavaScript, HTML, Tailwind CSS

Pet Care Assistant | [GitHub](#)

May'25

- Built a full-stack web application that delivers personalized pet care guidance through an AI-powered chatbot, addressing health tips, nutrition advice, vaccination schedules, and common pet-related queries.
- Integrated Mistral AI using Python to enable context-aware, intelligent conversational responses, improving accuracy and personalization of pet care recommendations.
- Implemented secure user authentication and session management, ensuring protected access to user profiles, pet details, and customized care plans.
- Designed and developed a PHP-based backend to manage user data, store pet information, and generate tailored pet care packages based on breed, age, and health conditions.
- **Tech:** PHP, JavaScript, HTML, Tailwind CSS, Python (Mistral AI)

TRAINING

DSA in Java | Ciphers Schools | [Certificate](#)

Jul'25

- Mastered core and advanced Data Structures & Algorithms in Java (Ciphers schools), building a solid foundation through structured, hands-on training.
- Applied DSA concepts to solve numerous Leet Code problems, significantly improving problem-solving speed and coding efficiency.

CERTIFICATES

- | | |
|--|--------|
| • Git and Git hub Ciphers schools Link | Sep'25 |
| • Data Structures & Algorithms (DSA) Neo Colab Link | Aug'25 |
| • Full Stack Web Development Ciphers schools Link | Aug'25 |
| • Cloud computing NPTEL Link | Apr'25 |
| • Backend development Physics Wallah Link | Jul'25 |
| • Data Structures & Algorithms (DSA with Java) Link | Jul'25 |
| • Responsive web design FreeCodeCamp Link | Nov'23 |

ACHIEVEMENTS

- **Top 50** in Smart India Hackathon 2025
- **Top 50** Participant, Web-e-stan Hackathon
- Done more than **150 questions** in Leetcode

EDUCATION

- | | |
|--|--|
| • Lovely Professional University
<i>Bachelor of Technology - Computer Science and Engineering; CGPA: 6.8</i> | Phagwara, Punjab
Since Aug'2023 |
| • R.A.N Public School
<i>Intermediate; Percentage: 69%</i> | Rudrapur, Uttarakhand
Apr'2022 – Mar 2023 |
| • R.A.N Public School
<i>Matriculation; Percentage: 92%</i> | Rudrapur, Uttarakhand
Apr'2020 - Mar 2021 |
